Good afternoon,

I have been chipping away at starting to respond to the comments received from the Seneca Nation and Defend Ohi:yo' group regarding the Catalyst permit. These are still rough drafts so they are far from perfect, but I think we have a good starting point in that I at least responded to every comment I could. I have attached both documents as OneDrive links so they can be edited directly on the document, but if anyone would like to meet to go over the responses I would be happy to set that up as needed. I understand the craziness of the holiday season so I am not expecting any immediate responses or revisions, just please take a look whenever feasible. Thank you.

**Ryan Hancharick**
